

TRAILL COUNTY WATER RESOURCE DISTRICT
BLANCHARD-NORMAN NO. 74 PUBLIC HEARING
APRIL 16, 2019 ~ HILLSBORO, ND

The District Board convened on this date and came to order at 10:00am. Managers present were managers Halvorson, Neset, Lovas, and Thompson with Chairman Siegert presiding. Also present were: Sean Fredricks, Attorney for the Board, and Chris Gross and Josh Hassell of Moore Engineering, Inc. and those whose names appear on the attached roster.

At 10:00am Jason Siegert opened the Blanchard-Norman Drain No. 74 Public Hearing.

Chris Gross presented the history, maps, project goals, and a Sections Plan and Profile for the proposed project.

Mr. Gross described the proposed work at the project start in the Mayville-Blanchard Drain.

Questions were asked about a reoccurring problem with the road between Sections 11 and 12. Mr. Gross answered that the bridge there is proposed to be removed and replaced with a culvert and the road will be raised to prevent water from overtopping into Section 12 east of the Mayville-Blanchard Drain.

Wayne Koehring, Dalrymple Farms, asked if the approach will be removed at the ½ section line in Section 11.

Chris provided information of the right of way summary, project costs summary, assessment breakdown, and the voting process.

Hearing no further comments, Chairman Siegert closed the meeting at 11:35am.

Jason Siegert, Chairman

Nettie Johnson, Secretary
